DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

In the Abstract:

First, the abstract appears to be incomplete as a result of an omission of a portion (including a period) that contains definitions of parameters f , f_1 , f_2 , and f_3 noted on page 3 of the specification, and in claim 1.

Second, the equal signs that appear on both sides of each ratio of the expressions should not exist, otherwise the formulae are undeterminable because the expressions as now given would generate a meaning that 0.9, 2.1, and 1.9 can be equal to 1.4, 3.4, and 2.8, respectively.

In the Specification

Similar situation as above is noted on pages 3 and 5 of the specification.

In the Claims

Again, the equal signs should not exist in the expressions recited in claims 1 and 3, otherwise claims 1-3 are indefinite.

Further, in claim 1, line 1, "In" should be – in –, and in claim 2, line 2, "include" should be – includes --.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
